STOP COMMON CORE

Eagles are Pro-Life

Just Say NO to UN AGENDA 21

HAPPY NEW YEAR 2015 and Highlights of the Year 2014:

We hope you all had a merry and blessed Christmas, and we extend to you our warmest wishes for a very Happy and successful New Year!

Now that the Republicans have taken both branches of Congress for the next two years, maybe there is hope to rein back the Obama liberal agenda for our nation.

Even here in California, thanks to so many of you working so hard getting good people elected or running for office yourselves in the November election, the super majority that the democrats held has been stopped. It is still a dysfunctional, lopsided, liberal state legislature, but there is a little more hope this year than the past few years.

More parents, teachers, and even school board members are becoming aware of Common Core and just how bad it is. Orlean gave her 100th presentation about Common Core this past year since her books were first published. So many others of our board members are becoming experts on CC and speaking out and training others to do so as well. We are hoping for even more support in our battle this year as we continue to fight it.

We continue to see more young people saying no to abortions and joining the pro-life movement. And even in California, in spite of the green kool aid that had been drunk by so many elected officials, we are seeing a success in the level of awareness and in fighting Agenda 21 and trying to stop the taking of our property rights.

More Californians are also waking up to the seriousness of the effects of illegal immigration in our state and what that is doing to their own jobs, costs of healthcare, and increases in taxes.

Other issues that we Eagles continue to fight and speak out about are: the new AP US History standards that are so anti-American; homosexual and Islam indoctrination in our schools; smart meters, geo engineering, Climate Action Plans, voter fraud, dangerous free trade agreements and an Article V Conference of the States.

Thanks to an Incredible Board of Soaring Eagle Leaders:

Eagle leaders have been involved in fighting so many different battles this past year and have done an incredible job!

Here is the list of all of our board members, their positions, and the area of expertise that they are in charge of. Their contact information is given if you would like to contact them. (As you will read on pg. 2, Jeanne Goodin has just resigned her positions. Please drop her a note of thanks for her many years of service.)

Our Tribute to Jeanne Goodin – One of the founding members of Eagle Forum of California, an incredible leader, who has been serving as the State Vice President for 32 Years and Long Beach Chapter Director for 28 years, and most recently, has been speaking out at school board meetings and training others to fight Common Core, is now resigning her positions due to the health problems of her husband, Dr. Michael Goodin, who had been always a big supporter of Jeanne and Eagle Forum.

Our special thanks to you, Jeanne, for your lifetime of dedication and service to Eagle Forum and to God, Family, and Country. You will be sorely missed and extremely hard to replace. Thank you also to your sweet husband for his continued support. Our prayers are for you both.

The Future of the Chapter:

The board members are trying to decide if maybe two leaders could be found to replace Jeanne to keep the chapter going. After so many years, what a shame to let it die away. If any of you would like to volunteer

Our Eagle Forum website lists our officers and directors and articles that they have submitted or written. We would also appreciate articles or events that any of our members would like to submit. Go to www.eagleforumofcalifornia.org to read the articles. Submit articles to Robert Exter, our excellent webmaster.

EAGLES WHO HAVE RADIO PROGRAMS:

Three of our Eagle Leaders have their own radio shows. The following gives their pictures and information of how to access their radio programs:

Sharon Hughes, who served back in 2001- 2003 as our Sonoma County Eagle Forum Director, started her own radio show called Changing WorldViews with Sharon Hughes. She continues on our board as our media director.

After eleven years of broadcasting out of her home in Petaluma through KDIA, a Christian station, Sharon and her husband Duane relocated to Grass Valley. Her radio show is now heard on Sunday 3-6 p.m. on KMYC 1410 AM. She always has exciting guests on a variety of topics.

Archives of her very informative show can be found on http://www.spreaker.com/show/the_sharon_hughes_show.

Erin Ryan and Her Husband Bill are Co-Hosts of the We the People Radio Show: Erin is one of three Eagle Forum VPs for Northern California. She also serves as legislative aid for Congressmen Doug LaMalfa and is the former Co-founder and Director of the Redding Tea Party.

Erin and Bill Ryan

Erin and Bill's radio program broadcasts every Sunday from 12:00 noon to 2:00 p.m. on KCNR 1460 Radio on We the People Radio, part of the teaparty media.net. They also are very entertaining with delightful senses of humor. For archives of the show go to: <http://www.wethepeopleradio.us/archives/>. To call the show dial 530-605-4567.

Deborah Tavares on Rense Radio and www.Stop the Crime.Net: Deborah has been serving as our Eagle Forum issue chairman on smart meters and geo-engineering and many Agenda 21 topics such as the Climate Action Plans. She became such a regular guest on the Jeff Rense radio program that he asked her to start her own show.

Deborah broadcasts three days a week, from 6-7 p.m., Monday, Wednesday, and Friday with replays on Tuesdays and Thursdays. She also has amazing guests. You can find her excellent archives of the show by going to <http://renseradioarchives.com/stopthecrime/>.

EAGLE FORUM OF CALIFORNIA'S GOALS FOR 2015:

The following are found on our brochure. They list all the issues that we support and all what we oppose. They are like our platform – all that we believe in:

We Support:

- The United States Constitution as is. [It does not need to be rewritten or revised or needs new amendments.]
- A Constitutional Republic not a democracy
- Less government, less taxes and more individual responsibility
- National sovereignty
- Protection of our borders
- Protection of property rights
- Marriage between a man and a woman
- The sanctity of human life
- Parental rights over the raising and educating of children
- Free-enterprise and a free market
- Policies that stimulate economic growth and prosperity
- Fair trade policies (not free trade) that protect U.S. jobs
- Solid academics and basic education

We Oppose:

- UN Agenda 21 and its attack on the USA
- Membership in ICLEI for U.S. cities
- Redevelopment Districts that create blight
- Smart Growth, Smart Meters, Smart Grid
- Cap and Trade and Big Brother Control of Energy
- The formation of regional government
- Any attempt to destroy U.S. Sovereignty
- A transatlantic partnership with the EU
- "New World Order" interventions
- Real ID, Pass ID, or any national ID card
- NAFTA, CAFTA, FTAA, and any free trade agreements
- Illegal Immigration
- Abortion and embryonic stem-cell research
- Same-sex marriage
- Socialized medicine such as Obama Care
- An Article V Conference of the States
- Any form of top-down, federal education curriculum and standards such as **Common Core**; federal standardized testing, outcome-based education; psychological testing, sex-ed that does not promote the teaching of abstinence, IBO schools and any school that promotes global citizenship, the Earth Charter, worship of mother earth, the Islam religion, anti-Christian teachings, and the new AP History standards that promote anti-American teachings and revised history.

We Invite You to Join with Us: If you share in our goals – our platform for America, then please join us: If you have not already renewed your membership then please fill out the included form.
